

LET'S HEAR IT FOR SESHEME FOUNDATION!

My favourite part of being a realtor is seeing families make a house a home. So when this opportunity came my way to participate in such a great cause, I knew I had to join in!

In 2003 I joined the Slavens & Associates team after several years of working in one of Toronto's top law firms and gaining corporate experience in the telecommunications field. I decided that it was time to merge my passion for real estate with my legal and business experience and share my expertise with friends and family to help them through the ever changing real estate market. My knowledge of Toronto's many neighbourhoods, earnest approach and dedication to my clients have left them feeling confident in their real estate decisions... and happy to make a house a home!

JANICE SACKICHAND, Salesperson
